November 22, 2011

Dear emergency service providers and neighbors:

In accordance with the County of Los Angeles Noise Ordinance and the County Conditional Use Permit (CUP) and adopted mitigation measures for the project [R2010-01094/RENTV201000052; CUP No. 201000117], this is to inform you that the Rubio Cañon Land and Water Association will be constructing a test well at our water treatment plant in Rubio Canyon, located north of Loma Alta Drive and across the canyon east of Rubio Crest Drive at 3371 Rubio Canyon Road.

Our contractor will begin installing sound walls for noise control on Monday, November 28, 2011. The test well drilling will begin on Monday, December 5 and continue through Friday, December 9. If the test well shows that water is sufficiently abundant, a full-scale domestic water well will be installed in the same hole at a future date to be determined. We will notify you of that schedule when it is known.

During the 10 working day period, there may be, at times, wide and slow construction equipment and vehicles on the streets that provide access to the well site, which may temporarily affect emergency access to neighboring properties. The anticipated access route is Lake Ave north from the 210 Freeway, to Palm Street east, to Maiden Lane north, to Rubio Canyon Road north, to Camp Huntington Road north.

In accordance with the County of Los Angeles Noise Ordinance and the CUP for the project, drilling and other well construction activities will be limited to the hours of 7 a.m. to 7 p.m., Monday through Friday.

Please contact us if you have any questions. Rubio Office Hours are: Monday – Thursday 7:30 a.m. – 12 noon and 1:30 – 4:00 p.m. The office is closed on Fridays; messages may be left for us.

Thank you!
